

29 February 1952

MEMORANDUM FOR: DA/A

SUBJECT: Shuttle Service

1. Personnel in I, J, K, and L Buildings who drive to work must park up here - about 1-1/4 miles from their work. With summer coming on, they are dreading the prospect of this walk which will land them at their work in a dripping state and be exhausting at the end of a long day.
2. Would it not be desirable to run one of the shuttle buses back and forth mornings and evenings for an hour before and after each working day?
3. These buildings are not now air conditioned and I think it would do a great deal for morale and not cost very much if this could be done.
